The Company is relying on the exemptions from the valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101, as the fair market value of the shares for debt transaction with the forgoing insiders does not exceed 25% of the market capitalization of the Company, as determined in accordance with MI 61-101. The Company did not file a material change report in respect of the related party transaction at least 21 days before the closing of the debt settlement, which the Company deems reasonable in the circumstances as the Company wishes to improve its financial position by reducing its existing liabilities.
